LPISD OUT-OF-DISTRICT TRANSFER AGREEMENT
Excerpts from LPISD Policy FDA (Local)

Non - residents may apply to enroll their children in District schools with no tuition charge, according to the following stipulations:

1. Annually, the Superintendent may designate an open enrollment period that may be extended or re-opened.
2. If an out-of-District student is accepted for enrollment, the District shall then assign the student to the school of the individual's choice based on available space and staff capacity.
3. In the event of a possible lack of available program space and staff capacity at the campus preferred by the individual, the District may assign the student to a campus with available space and staff capacity.
4. Out-of-District students who attend District schools must reapply for enrollment each year.

Notes:

A transfer shall not be approved that would limit the educational opportunities of resident students or require additional staff.

The Superintendent (or designee) has the authority to accept or reject any transfer request, provided that such action is without regard to race, religion, color, sex, disability, or national origin.

No transportation shall be provided for any out-of-District student accepted for enrollment, including students with special needs.

REVOCATION

The Superintendent (or designee) has the authority to revoke inter district transfers as provided in the transfer agreement. Students who transfer into the District shall follow all rules and regulations of the District, including, but not limited to, District policies and regulations, the Student Code of Conduct, and attendance requirements. Failure to fulfill any of these responsibilities may result in the immediate revocation of the transfer agreement.

Please initial the following:

I understand that, if approved, the transfer request is granted conditionally on student behavior. The transfer can be revoked at any time including, but not limited to, during the school year, if my student engages in serious or persistent misbehavior that violates the District's Student Code of Conduct.

I understand that, if approved, this transfer request is granted conditionally on student attendance, including compliance with tardy policies. The transfer can be revoked at any time including, but not limited to, during the school year, if my student is truant, excessively absent and/or excessively tardy to class.

I understand that, if approved, this transfer request is granted conditionally on the District remaining in compliance with Civil Action 5281. The transfer can be revoked at anytime including, but not limited to, non-compliance with this court order. *CA5281 states "the defendants shall not approve transfers where the effect of such transfers will change the majority or minority percentage of the school population, based on average daily attendance in such districts, by more than one percent in either the home or the receiving district..."*

I understand that, if approved, La Porte ISD will not provide transportation to, from, or within the District, including for special needs students.

I understand that falsification of information is a Class A Misdemeanor and can lead to legal action.

I have received a copy of the policy concerning student transfers and the UIL eligibility requirements for athletic competition.
